

Examination Boards of the department CGEE

Procedures concerning exams & hardship cases

Bachelor of Science & Master of Science in Environmental Engineering

Registration and deregistration from exams

1. The exam registration and deregistration is done only via TUMonline with respect to the set deadlines.
2. A manual registration to exams after the expiration of the deadline is not possible.

Incapability to take an exam, illness during the exam

1. Students declare their capability to take the exam with their participation in the exam.
2. An incapability that occurs during the exam time must be verified on the same day by a public health officer. Medical attestations issued on later dates will not be accepted.

Hardship cases

1. Hardship case applications to the examination board must be handed in until following deadlines:
 - September the 30th for the summer term
 - March the 31st for the winter term

Applications will not be accepted after the expiration of those deadlines.

2. Hardship case applications must be combined with medical attestations or other official documents that make the reasons for a reduced study capability comprehensible. Applications without any further documentation will be rejected.
